Preface

The Drug Free Schools and Campuses Regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act (DFSCA) require an institution of higher education (IHE) to certify it has adopted and implemented programs to prevent the abuse of alcohol and use or distribution of illicit drugs both by Glendale Community College students and employees both on its premises and as a part of any of its activities. At a minimum, each institution of higher education must annually distribute the following in writing to all students and employees:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol
- A description of any drug or alcohol counseling, treatment, rehabilitation, or re-entry programs that are available to students or employees
- A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct

The law further requires that the institution conduct a biennial review of its program with the following objectives: (1) determining the effectiveness of the policy and implementing changes to the Alcohol and Other Drug (AOD) program if they are needed; and (2) to ensure that the sanctions developed are enforced consistently.

The biennial review must also include a determination as to: (1) the number of drug- and alcohol-related violations and fatalities occurring on the campus or as part of their activities that are reported to campus officials; and (2) the number and type of sanctions the IHEs impose on students or employees as a result of such violations or fatalities.

Glendale Community College, a college of Maricopa County Community College District (MCCCD), acknowledges its legal obligation to conduct a biennial review of compliance with the Drug-Free Schools and Communities Act and authorized an administrative review to be conducted to determine if the College fulfills the requirements of the aforementioned Federal regulations.

Monica Castaneda, Vice President of Student Affairs formed a team that included the following membership:

- Genesis Toole, Interim Dean of Student Life
- Jodie Byers, Office of the President
- Debra Palok, Commander Public Safety
- Connie Greenwell, Director Student Life and Leadership
- Albulene Ferizi, Student Life and Leadership Student Services Specialist Sr.

The intent of this document is to:

1. Meet the legal requirement of conducting a biennial review
2. Review and summarize the programs and activities related to alcohol and drug prevention 2019-2020 and 2020-2021
