Map of Maricopa Community Colleges

The map below shows the location of the ten colleges within the Maricopa County Community College District and satellite locations where educational programs are provided to the community.

Vision and Mission

VISION

A Community of Colleges-Colleges for the Community-working collectively and responsibly to meet the life-long learning needs of our diverse students and communities.

MISSION

The Maricopa Community Colleges provide access to higher education for diverse students and communities. We focus on learning through:

- University Transfer Education
- General Education
- Developmental Education
- Workforce Development
- Student Development Services
- Continuing Education
- Community Education
- Civic Responsibility
- Global Engagement

The Maricopa Community Colleges are committed to:

- **COMMUNITY** – We value all people – our students, our employees, their families and the communities in which they live and work. We value our global community of which we are an integral part.
- **EXCELLENCE** - We value excellence and encourage our internal and external communities to strive for their academic, professional, and personal best.
- **HONESTY AND INTEGRITY** - We value academic and personal honesty and integrity and believe these elements are essential in our learning environment. We strive to treat each other with respect, civility and fairness.
- **INCLUSIVENESS** - We value inclusiveness and respect for one another. We believe that team work is critical, that each team member is important and we depend on each other to accomplish our mission.
- **INNOVATION** - We value and embrace an innovative and risk-taking approach so that we remain at the forefront of global educational excellence
- **LEARNING** - We value lifelong learning opportunities that respond to the needs of our communities and are accessible, affordable, and of the highest quality. We encourage dialogue and freedom to have an open exchange of ideas for the common good
- **RESPONSIBILITY** - We value responsibility and believe that we are each accountable for our personal and professional actions. We are responsible for making our learning experiences significant and meaningful.
- **STEWARDSHIP** - We value stewardship and honor the trust placed in us by the community. We are accountable to our communities for the efficient and effective use of resources as we prepare our students for their role as productive world citizens.

Introduction

The Maricopa District is one of the largest community college systems in the nation and is the largest public higher education institution in Arizona. In FY2021-22, the District will continue to build on its long history of services to the community.

The Maricopa County Community College District (District) is fiscally sound and has adequate reserves to meet future contingencies. The District strives to maximize the resources entrusted to us by the taxpayers and students. Maricopa Transformation initiatives will require additional resources, as we develop new approaches to better serve our students and increase student retention, which will lead to more graduates. However, future decisions will need to be made to ensure long-term stability related to both operational and capital expenditures.

Overview of Proposed Budget

This Proposed budget compares the estimated revenue and expenditures from FY20-21 with the Proposed FY21-22 Budget. This provides a base for future budgeted expenditure and revenue comparisons. Throughout the budget process, the District evaluates the ability to sustain approved initiatives in the future.

Budget Assumptions

The following assumptions have been used in building the FY21-22 budget:

- Property tax levy is based on 2021 Net Primary Assessed Value, provided by Maricopa County Assessor on February 10, 2021;
- FTSE is projected to increase slightly, rebounding from FY21 sharp decline due to Covid-19;
- General Fund expenditure growth includes required or previously agreed upon expenditure additions;
- Proposed 1% General Fund budget reduction;
- A small increase in Prop 301 Revenue is expected;
- Impacts of Covid-19 are unknown and unclear;
- New revenue from Prop 207; and
- Continue tax shift from the secondary tax levy to primary levy to fund capital needs.

Budget Summary

- The Projected FY21-22 Resources of \$1.8 billion includes all of the estimated fund balances available for each fund group. All funds are shown in Section B Budget Summaries.
- The General Fund Resources total for FY21-22 is \$912.4 million, an increase of \$18.6 mil (2.1%) compared to the FY20-21 estimated resources.
- The Auxiliary Fund total for FY21-22 is \$114.4 million, a decrease of \$2.3 million (-2.0%) compared to the estimated resources in FY20-21.
- The Restricted Fund total for FY21-22 is \$538.2 million, an increase of \$336.6 mil (166.9%) compared to the estimated resources in FY20-21 due to the Federal Stimulus (HEERF) allocations and new revenue from Prop 207.

- The Unexpended Plant Fund totals \$173.6 million for FY21-22, a decrease of \$24.2 million (-12.2%) compared to the estimated resources for FY20-21.
- The FY21-22 Debt Service totals \$56.7 million, a decrease of \$19.1 million (-25.2%) over the FY20-21 estimated actuals.

The District’s colleges have flexibility to reallocate budgets and to use new allocations to meet high priority needs and accomplish goals to continue to better serve the community.

Fund Balances

Balances are estimated carryforward from prior year plus new revenues, less current year estimated expenditures. At Maricopa, we categorize funding as unrestricted or restricted.

Unrestricted Funds

Unrestricted funds are those that can be allocated for different purposes. They include:

- **General fund** (Fund 1) – the largest and main operating fund for the Maricopa Community Colleges. The General Fund accounts for unrestricted resources that will be expended in the current year for operating purposes such as instruction, public service, academic support, student services, institutional support, operation/maintenance of plant, plus scholarships. It includes continuing and one-time expenditures.
- **Auxiliary Fund** (Fund 2) – includes revenues and expenditures that support a variety of self-supporting activities, including contract training, the three Skill Centers under Gateway, non-credit instruction, and food services.
- **Plant Fund** (Fund 7) – MCCC’s capital fund. The major sources of funds are from the property tax levy for capital and prior years fund balance.

Estimated balances for the Unrestricted Funds are shown below.

**Estimated Balances Comparison
Unrestricted Funds
(in Millions)**

Category	FY20-21	FY21-22
Unrestricted Fund (Fund 1)	\$ 210.4	\$ 160.1
Auxiliary Fund (Fund 2)	\$ 72.4	\$ 69.5
Plant Fund (Fund 7)	\$ 134.2	\$ 93.9
Subtotal - Unrestricted	\$ 417.0	\$ 323.5

Restricted Funds

Restricted funds account for all externally restricted activity such as grants, bond debt service and student financial aid, and include:

- **Restricted** (Fund 3) – revenue sources include federal, state and local funds for grants or contracts and federal financial aid;
- **Proposition 301** – a statewide November 2000 referendum that raised sales taxes for education (community colleges are required to use the funds for workforce development and training);
- **Proposition 207** – a statewide November 2020 referendum that legalized marijuana and imposed an excise tax on sales. (Community colleges are required to use the funds for providing workforce development programs, job training, career and technical education, and STEM programs.)
- **Debt Service** (Fund 8) – payments of interest and principal for General Obligation bonds purchased for the 2004 Capital Bond Program; and
- **Quasi Endowment Fund** (Fund 6) – portion of Worker’s Compensation reserves required by the Industrial Commission.

Estimated balances for the restricted funds are shown below.

**Estimated Balances Comparison

Category	FY20-21	FY21-22
Restricted Fund - Other	\$ 21.4	\$ 10.0

Debt Service	\$ -	\$ -
Quasi Endowment Fund	\$ 3.1	\$ 3.1
Subtotal - Restricted	\$ 39.8	\$ 35.3

The grand total balances appear to be significant. It is misleading, however, to only focus on total balances available and not consider what these balances represent and why they are needed, as explained below.

Fund Balance for Allocation

Although the grand total fund balance for FY22 is estimated at \$358.8 million, the restricted portion must be removed since its use is limited. This leaves \$323.5 million.

Total reserves of \$274.8 million includes Financial Stability (10%), Operating Reserves (6%) (\$111.5m), college operating and auxiliary reserves (\$69.5m), and college and district-wide capital projects (\$93.9m) that have been committed for future use. This leaves an estimated balance of about \$48.7 million available for possible allocation after all of these adjustments.

**Estimated Balances for June 30, 2022
As of April 2021

Ending Balance - Available for Allocation *		<u>\$</u>	<u>48.7</u>

* Totals may not add due to rounding

Some cautions to be noted regarding possible allocation of the ending balance:

- The ending balance should be used for one time funding only or to ensure funds for ongoing costs are held for future expenditures;
- Annual revenue growth from property tax, tuition and fees only average \$12-\$13 million/year in recent years. This is insufficient to cover large expenditure commitments;
- Funding is required to meet capital needs (including deferred maintenance of \$377m); no source for future needs. A portion of balances needs to be available to ensure capital needs can be met. Starting in FY2019-20, the Governing Board approved a tax increase which included shifting of secondary tax dedicated for capital. This tax shift must be approved by the Governing Board annually to continue; and
- Operating costs will continue to increase (technology licenses, updated systems, ASRS).

General Fund

Revenues

Property Taxes:

The amount of additional property taxes from new construction is projected to remain fairly level for two years with slower growth thereafter. Based on the 2021 Maricopa County Assessor's valuations, the property tax levy from new construction will decrease slightly from \$13.0 million for FY20-21 to \$12.6 million for FY21-22

On May 25th, 2021 the Governing Board will be asked to approve shifting a portion of the secondary tax rate to the primary tax rate. The tax shift will generate an estimated \$14.6 million, inclusive of new property, which will be dedicated for capital.

Tuition and Fees:

The Governing Board approved tuition and fee rates at its February 23, 2021 meeting. The tuition rate for an in-county full-time student is \$85/credit or \$2,550 annually based on 30 credits/year.

The Arizona Constitution mandates the provision of higher education "*as nearly free as possible*" and tuition for Maricopa Community College District remains below the national average of public two-year institutions. Students attending Maricopa Colleges prior to transferring to a Baccalaureate granting institution should expect to pay tuition at about 20-25 percent of Arizona's public four-year institutions.

Fund Balance:

An estimated \$210.4 million of fund balance will be included in the report as resources.

Fund Transfers:

The Proposed FY21-22 budget also assumes incoming transfers of \$5.2 million from MCOR Auxiliary Fund and District-Wide Capital Fund balance.

Auxiliary Fund

The Auxiliary Fund includes contract training and other substantially self-supporting activities, such as the skill centers, non-credit instruction, course fees, and food services. The FY21-22 Proposed budget for Auxiliary Fund totals \$114.4 million in resources. Section B provides a summary of all Auxiliary funds.

Restricted Fund (Fund 3)

The Restricted Fund FY21-22 budget is \$538.2 million which includes Grants and Contracts, Student Financial Aid, Proposition 301, and new revenue from Proposition 207.

State Aid

The District received a multiyear (FY20, FY21, and FY22) funding of \$1.6 million for STEM expansion.

Proposition 301

In 2018, the Governor signed into law a bill to extend Proposition 301 for another 20 years. The District anticipates receiving \$16.0 million in Proposition 301 sales tax revenues for FY21-22 to support workforce development initiatives. The Workforce Development Office will work with the colleges to develop a plan for FY22 and a 5-year plan to maximize the benefits of this fund. Strategies to be examined include:

- Workforce Faculty/Employees;
- Workforce Equipment needs;
- Workforce Information System Development
- MCOR Fund Commitment

Proposition 207

In November 2020, Arizona voters approved Proposition 207, legalizing marijuana. The proposition imposes an excise tax on the sale of marijuana. A portion of this excise tax revenue flows through to community colleges. The first distribution of the marijuana excise tax may occur in June 2021 if all agency costs are covered. In FY 21-22, one distribution must be made no later than December 2021 and one distribution no later than June 2022. Estimated distribution to the District in FY20-21 is \$16 million. All excise tax revenue must be used for providing workforce development programs, job training, career and technical education, and STEM programs.

Capital (Plant) Fund

The Unexpended Plant Fund is \$173.6 million for FY21-22. An evaluation of facilities helped the District prioritize where capital funds are most needed. Since we cannot rely on State funding, and bond resources are being consumed, the only ongoing source of capital funds is from the shift of the secondary property tax dedicated to capital as bonds are paid down.

Life without the Bond:

- As the total tax rate declines from bonds being paid off, shift the planned reduction from the secondary levy to the primary tax levy to fund future capital needs.
- Capital needs to maintain facilities and refresh capital equipment remains.
- Planning for areas of student growth and modernization of facilities will require significant remodeling and even construction of new buildings.
- Adopted strategy: as the secondary rate declines, shift the rate to the primary levy to fund capital needs in the future and possibly forego bonds, but still allow the total property tax levy to decline.

The chart on the following page shows the effect of retaining a small portion of the tax levy decline in the future for maintenance and other capital needs.

For FY21-22, the total tax rate would have been \$1.1957 per \$100 of assessed valuation, with \$1.0812 of this as primary. As highlighted below, the proposed tax increase of \$0.0300 puts the primary rate at \$1.1112 and the total tax rate to \$1.2257 per \$100 assessed valuation. This is still a reduction in the total tax rate from the current year's rate of \$1.2881. The total tax increase (2.77%) would raise an estimated \$14.6 million (inclusive

of new construction) for a cumulative total of \$31.1 million which will be dedicated for FY21-22 and beyond for capital purposes.

Proposition 301 Revenue & Expenditure

Proposition 301 is a statewide referendum approved by voters in November 2000 that raised sales taxes for education. Community colleges are required to use the funds for workforce development and training. The Department of Revenue started collecting an additional 0.6% sales tax beginning June 1, 2001, as a result of the referendum. The money is first to be used to pay the annual debt service on outstanding School Facilities Revenue Bonds. Three percent of the remaining money is allocated to the Community College Districts based on the latest available Audited FTSE figures.

The District anticipates receiving \$16.0 million in Proposition 301 sales tax revenues for FY21-22 to support workforce development initiatives. Among these initiatives, the District utilizes \$4.7 million for the costs of 39 faculty currently in Fund 321. An estimated \$10.1 million will be spent for College Workforce Initiatives at individual colleges in areas such as aerospace and aviation, bioscience and biotechnology, business and financial services, health care, teacher education, public safety and homeland security, career pipeline development, apprenticeships/internships and retraining, response to local workforce needs and sustainability and green technologies. The Fund balance of \$13.8 million reserve is committed for ongoing college projects.

The table below shows Maricopa’s tuition over a 10-year time period, as well as compared with AZ Community Colleges, Western Interstate Commission institutions, the Public 2-yr National Average, and Arizona State University. Locally Maricopa is a bargain compared to Arizona State University (ASU), where their tuition exceeds \$11,000 per year.

Historic Property Assessment

The chart and table below show the history of assessed valuation of property in Maricopa County. This valuation is a factor in determining the primary and secondary tax levies of the Maricopa Community Colleges. The net assessment values had declined for several years due to the economy. NOTE: Effective 2015 the voters of Arizona passed Proposition 117, which amended the Constitution of Arizona to establish a single limited property value as the base for determining all property tax and limited the growth allowed in the value. Consequently, the Primary Net Assessed Value is used to calculate both the Primary and Secondary taxes.

Property Taxes for Various Home Values

Property taxes represent a major source of support for the general operations and capital needs of the Maricopa Community Colleges. The following illustrates the property tax that owners of homes with varying assessed valuations may expect to pay in FY21-22, based on the Proposed 0.0300 primary tax rate adjustment or 2.77% increase.

Tax Rates Calculation

In 1980, Arizona citizens amended the State Constitution and capped primary property tax revenue increases for existing property to 2% per year. Although the max levy amount continues to grow, the district has not levied to the maximum allowed. With the exception of five years (FY09-10, F10-11, FY12-13, FY15-16 and FY16-17), the Maricopa Governing Board has approved an increase in property tax revenues. The following chart shows the proposed levy and the potential tax rates for primary and secondary taxes for FY21-22. This information is based on the recent assessed valuations from the Maricopa County Assessor’s office.

Proposed Budget
FY21-22

SECTION E: GLOSSARY

Academic Support

A functional category of expenditures reflective of support services for instructional programs and academic functions such as funding for learning centers, libraries, and honor programs.

Account Codes (formerly Object Code)

Expenditures are budgeted and accounted for by account code categories to detail the use of funds. Revenues also are budgeted in account codes to distinguish different types of resources.

Communications and Utilities

All costs related to telephone, postage, electricity, water, sewer, etc. are charged to communications and utilities account codes.

Contingency, Scholarships, Misc., Transfers

The contingency, miscellaneous and transfers account codes include reserve, holding and transfers accounts. Examples are: reserve for insurance costs, college carryforward, and student scholarships.

Contractual Services

Expenditures such as funding for professional services, advertising, marketing, etc. are budgeted in the contractual services account code series. Additionally, the cost of teaching services and course development for concurrent enrollment as well as employer-sponsored programs may be charged to these account codes.

Course Fees

Course fees are budgeted in the Auxiliary Fund. They cover the cost of materials for credit courses that rely on special equipment or supplementary materials.

Employee Benefits

These account codes account for the employee paid costs of employee health insurance, District retirement contributions, social security and Medicare, life insurance, worker's compensation, etc.

Enrollment Growth Funding

A formula based funding allocation based on full time student equivalent (FTSE) growth. Effective FY2010-11 Budget, funding was distributed to the colleges based on audited FTSE growth at the rate of \$2,130 per FTSE.

Expenditure Limitation

This is a provision of the State Constitution and Arizona Revised Statutes that limits the expenditure of local tax revenues (e.g. primary property taxes and State Aid). The limitation is set by the Economic Estimates Commission (EEC) by applying growth in enrollment (FTSE) and inflation over a base budget year.

Fixed Charges

Expenditures for facilities rentals, etc. are budgeted in fixed charges account codes.

Food Service

This Auxiliary Fund division includes revenues and expenditures from directly operated food service operations.

Full-time Student Equivalent (FTSE)

A calculated estimate of enrollment, based on credit hours divided by 30 (the number of credits in a year that is considered to be full-time). In the case of Skill Center or ABE/GED students, clock hours are used and divided by 640.

Functional Categories

To ensure comparability and standardization in the presentation of financial information, all colleges and units are required to budget and account for the expenditure of funds by functional categories.

General Institutional Support

A functional expense category that includes expenses for the day-to-day operational and general administrative support of the institution such as safety, security, insurance, software licensing and computer repair, mail and copy services.

Headcount

The number of students enrolled in classes. Headcount may be duplicated or unduplicated.

In-Lieu Taxes (SRP)

In-lieu tax refers to a levy imposed as an alternate for another tax. Salt River Project is a political subdivision of the State of Arizona, so they are exempt from property tax. However, in accordance with Arizona law, the SRP District makes voluntary contributions each year to the State of Arizona, school districts, cities, counties, towns and other political subdivisions of the State of Arizona, for which property taxes are levied and within whose boundaries SRP has property included in its electric system. The amount paid is computed on the same basis as ad valorem taxes paid by a private utility corporation.

Institutional Support

This is a functional category of expenditures to identify cost related to management, business and human resources operations, and planning of the organization. Examples include office of the president, fiscal operations, human resources offices, information technology staff and legal services.

Instruction

This is a functional category of expenditures accounting for instructional activities. An example is salaries and wages of faculty and supplies and other department chairs.

Non Credit/Special Interest Courses

These are fees that support the costs of these course offerings. This is an Auxiliary Fund division.

Object Codes (now Account Code)

Expenditures are budgeted and accounted for by account code categories to detail the use of funds. Revenues also are budgeted in account codes to distinguish different types of resources

Operations/Maintenance

A functional category of expenditures allocated for the operation and maintenance of the physical plant, such as utility costs and staff responsible for the maintenance of buildings and grounds for all units.

Other Auxiliary Programs

The activities of this Auxiliary Fund include Skill Centers' operation, out-of-state distance learning, corporate trainings, and facility rentals.

Public Services

A functional category of expenditures that account for non-instructional services of benefit to the community; examples include public lectures, and community service programs.

Quasi Endowment Fund

Fund 6 – Includes both Medical Insurance Reserves for Employee Health Care Claims and Workers Compensation reserves as required by the Industrial Commission. It is considered a Restricted Fund.

Salaries and Wages

Compensation provided to all regular Governing Board approved faculty and staff, while the temporary staff budget is recorded in salaries and wages account codes.

State Aid

The State of Arizona provides financial support to community college districts based on formulas that are set in statute. These formulas largely are based on enrollment levels. The formulas use the most recent audited full-time student equivalents; hence, state aid is provided for enrollment growth that occurred two years before the fiscal year under development. Currently neither Maricopa Community College District nor Pima Community College District receive State Aid.

Student Services

A functional category of expenditures reflective of support services provided to students, such as counseling, testing, admissions, student financial aid, and career development.

Supplies & Materials

The cost of classroom and office supplies and materials, software, audiovisual aids, etc. is budgeted in supplies and materials account codes.

Tax Levy Limit

This is a provision of the Arizona State Constitution and statutes that limit growth in taxes on existing property.

Travel

Travel related account codes include mileage, in and out of state travel, registration, hotels, airfare, etc.
