CITIZEN'S INTERIM

The following citizen came forward to address the Governing Board regarding inequities being experienced by fellow PSA employees. Elizabeth (No Formal Last Name) is the president of the PSA Employee Group at PVC and was present to first of all thank the Board for bringing back Maricopa to a more appropriate place. She also expressed appreciation for approving benefits. Following in the footsteps of Donna Winston's presentation last month, she stated she also has a boss that encourages her to get involved in the concerns of PSA. This evening she wanted to make the Board aware that when she questioned why certain actions weren't taken into consideration regarding PSA, she was told "do not know, do not ask, the Board will not approve." The decreases in PSA paychecks will be felt due to the increases being imposed. There is fear in the workplace and she indicated she was not afraid and does speak out. That fear was why she was here. She keeps hearing One Maricopa, One Maricopa, but PSA are not part of this. Faculty are in a class all their own. MAT were reclassified and they received raises. CEC had an adjustment of 3% and this resulted in thousands of dollars and monthly expense allowances. Starting pay for Presidents is \$152,000 average. When she questioned why PSA couldn't have the same thing, she was told they could have had, however they didn't know they had that same option. Now there is no money to do a study. There is a policy against retaliation, however if there is political assassination retaliation, she is willing to bear the brunt of that for speaking out. Don't ask for a raise because Governing Board won't approve it. She has been told that increases and reclassifications have to be presented through CPD. M&O received an increase because MAT had given up the increase. If PSA does not agree with CPD they can bring it to the Governing Board. A special committee can be formed. Many PSA employees are on public assistance. State taxes are going up, state retirement is going up. Some PSA have to call in sick because they don't have money for gas. It was Elizabeth's opinion that Maricopa should be able to pay the full price of the increases.

The following citizens came forward to urge the Governing Board to reverse its tuition hike for out-of-state/non-resident students action taken at its meeting of March 22, 2011. It should be noted that due to the large number of people wishing to speak, a time limitation of two minutes was being placed.

FACULTY REPORT

Faculty Executive Council President-Elect Eddie Genna came forward on behalf of outgoing President Harold Cranswick who was unable to be present this evening. It was his pleasure to share some of the accomplishments made possible through the guidance Mr. Cranswick:

- Shared Governance Presentations at every college and other employee groups. The concept of Interest-Based Negotiations was shared those groups as well, in addition to using this for the meet and confer process.
- A revamping of the Faculty Association website took place and he invited everyone to preview this at [www.mccfa.org](http://www.mccfa.org)
- Faculty Senate President Training Program
- Expanded the terms of the President, Past President and President Elect for the sake of organizational continuity.

EMPLOYEE GROUP  
REPORTS

Donna Winston, representing All CPD, provided the following comments:

*President Lumm, Members of the Governing Board, Chancellor Glasper, CEC, My Maricopa Family & Community:*

*My name is Donna Winston – on behalf of Sally Hervey (The PSA Executive President) and myself I am happy to report that we see a change in dealing with the issues like the fear that my friend and colleague spoke about earlier. With your help – we need to start changing the message and how it's delivered. Last time I spoke we talked about how we are navigating through the HR side of the house– ALL CPD is proud to announce that we will be going through a two day training to learn more about IBN and its processes. And I invite CEC to join us in this two day training on June 8 & 9 @ RIO Conf. Center. I am very excited about this process and with what little I knew – we applied it's concept to a situation at EMCC. Debra Kushibab took this concept and turned a potential grievance into a “win win” situation for her employees. It was a wonderful and positive outcome. It works and I would like to see more of this type of process versus working in an uncomfortable environment.*

*We are also working together to move through these budget cuts. We understand that MCCCDC is not immune to having to deal with budget cuts and issues that surround it and we share the same concerns that the rest of the nation is feeling. However, we need to STOP telling our employees “Just be grateful you have a job” and start expressing that we are doing EVERYTHING in our power – to keep our employees employed. Again, changing how we deliver the message makes all the difference in the world. We do understand there are changes in our*

*future and belts are tightening up – and are grateful, as of right now, we are not looking at layoffs, pay cuts & furlough days that most organizations and agencies are facing. We cannot control certain out of pocket expenses such as ASRS – and other state & federal deductions, etc.. But we can control with how we deal with the budget issues and the message we are sending to our employees. Yes, our co-pays & deductibles are increasing – however, we need to find a way to communicate that our Governing Board did not have to split the cost of the 10 million dollars of the increased health care, - instead they recognized this could not be placed on the back of our employees, and decided to split the cost to help reduce some of this financial burden. We want to continue to move forward and embrace new POSITIVE changes – The last time I approached this board – I spoke of how you should:*

***ENCOURAGE – EXPECT – EMPOWER - ENHANCE – EXCITE – YOUR EMPLOYEES***

*I certainly hope you have taken the opportunity to do so since last month  
Thank you*
