Every election year prompts political activity in all sorts of venues, and MCCCDC both respects and encourages participation in the time-honored tradition of political activity on American college and university campuses. With that in mind, each of the District’s campuses has a plan consistent with the terms outlined in ARS § 15-1895 with the primary focus being to increase student voter registration and voting in elections.

Goals

Voter Registration and Education activities at Glendale Community College are designed to spark the political interests of young adults while promoting civic engagement and global awareness of salient issues. Believing that an educated voter is the only type of voter to have, GCC participates in the annual National Voter Registration Day, GCC and MCCCDC are doing their part to educate both our internal and external communities as to the importance of registering to vote and becoming an educated voter.

(Please note that many of the activities are also held at Glendale Community College North)

Annual Goals:

1. Increase student voter registration through events and projects
2. Scheduled presentations for the college community and community at large
3. Conduct trainings on registering voters, voting processes and elections
