---

## Overview

ARS § 15-1895 requires each community college district, in consultation with the recognized student government at a community college under its jurisdiction, to adopt a plan to increase student voter registration and voting in elections that includes:

- Information about on-campus voter registration and voting opportunities made available in at least one of the following methods:
  - During new student orientation
  - During the issuance of student identification cards
  - In admissions packets
- Voter registration materials at central campus locations and high traffic areas
- Broad dissemination of information regarding:
  - Voter registration deadlines
  - Deadlines for delivering ballots by mail
- Links on institutional and administrative websites that detail the voter registration process
- Reasonable accommodations to county election officials for on-campus polling locations
- Encouragement to student government organizations to coordinate activities aimed at increasing voter registration and election turnout
- Policies to allow excused absence from classes for the purpose of voting
- Policies that prohibit the use of college resources and employees to influence elections
- An emphasis on efficiency and conservation of resources

The Maricopa County Community College District (“MCCCD”) and its associated colleges, aim to implement various methods for informing students of, disseminating information, and promoting voter registration.

## Voter Engagement Team

The **Mesa Community College** Plan was created by the following voter engagement team members:

- Administration and Faculty
  - Primary Contact: Kris Bliss, Student Life and Leadership, Director Student Services
  - Duane Oakes, Center for Civic and Community Engagement
  - Brian Dille, Faculty Political Science
- Council of Student Leaders
  - Associated Students of Mesa Community College (ASMCC) President or designee

- 
- Club Collaboration
    - Phi Theta Kappa
    - Other club participation may vary each year
  - Community Partners
    - Maricopa County Recorder's Office

Every election year prompts political activity in all sorts of venues, and MCCC both respects and encourages participation in the time-honored tradition of political activity on American college and university campuses. With that in mind, each of the District's campuses has a plan consistent with the terms outlined in ARS § 15-1895 with the primary focus being to increase student voter registration and voting in elections.

## Goals

In partnership with a variety of internal and external constituents Mesa Community College provides opportunities for students to:

2. Join scheduled community presentations
3. Attend trainings on democratic process and elections

## Resources

The materials used for achieving these goals mainly come from time of students, staff, and faculty.

#### Materials

- Posters, handouts, buttons – the printing of these items comes from the budgets of Student Life and Leadership and Community and Civic Engagement along with other departments that may help – specifically academic departments.

#### Support

- Faculty and staff expertise and time. Donation of time from community partners

## Assessment

This section should detail your assessment of the Plan. For example, what challenges do you anticipate with rollout and goal achievement? How do you plan on measuring success?

*There are a few hurdles to achieving these goals – mainly it's learning more about what all is done on campus to be able to count and track the various activities and ensuring all the departments/individuals work together to ensure we are looking at everything that is currently done.*

*The assessment of this plan will include tracking attendance at various events, counting how many forms are disbursed and asking students who participate to complete a short survey to determine if they were able to complete their voter registration and/or if the information they received was helpful for their civic engagement. The team will get*

*together in the spring semester to evaluate activities from the prior semester to review and plan for the upcoming term.*
