STUDENT LIFE REPORTS
Ms. Erica Horihan, Coordinator of Student Services at Mesa Community College, along with Ms. Kiana Flores, MCC Student, and Mr. Jarrett Payne, Program Advisor at MCC, presented information on the LeaderShape Institute. Ms. Horihan briefly described the history of the LeaderShape Institute and noted this was their 10th year. She then shared a short video showcasing the 2014 LeaderShape Institute which brought together team members from all of the previous years. She then introduced Mr. Jarrett Payne to share his thoughts. Mr. Payne said he participated in the LeaderShape Institute as a Cluster Facilitator and his experience with the program was transformative for him. He said he now considers himself an educator and the services he provides go beyond looking at students as customers, rather he sees himself helping them will all aspects of their lives. He introduced Ms. Kiana Flores to share her experiences as a student participant in LeaderShape. Ms. Flores said she enjoyed the interaction with the other participants. As an adult returning student she had been very nervous when she first got to the institute but through the activities she learned more about herself and how to focus on other people. The institute was about people making a difference and made her more confident and able to share her true self.

The Associated Students of Mesa Community College (ASMCC) presented next. Members present included: Mr. Martin Cordova, President; Ms. Rukiya Ogarro, Executive Vice President; Ms. Crystal Bright, Vice President at Red Mountain; and Ms. Alexis Bennett, Vice President of Communications. ASMCC reported on their 2013-14 accomplishments which included: created
a strong relationship with the *Mesa Legend*, had a very competitive election with the highest voter turnout (over 600 ballots submitted), had a great turnout for the presidential debate, raised money for an Emergency Student Scholarship Fund, wrote legislation addressing the proposed tuition increase, and created a 9/11 Memorial Event in conjunction with the community. Goals for 2014-2015 include: creating new student orientations, continuing their Represent Campaign, providing Lunch with Leaders opportunities, supporting student clubs and organizations, continuing its relationship with *Mesa Legend*, increasing ASMCC’s social media audience, and building a stronger relationship with college faculty. ASMCC also focused on building a bridge with the Red Mountain campus by creating a VP position and a Secretary of Involvement position. Red Mountain is also focused on creating a space where students can get information about both campuses. ASMCC plans to provide students with educationally and service driven events such as: ASMCC Serves, Emergency Student Scholarship Fund, Scholarship Day, and “Got an issue? Grab a tissue.” They also plan to provide non-partisan election information and voter registration events.

**EMERITUS, AWARDS, AND RECOGNITION**

Dr. Irene Kovala, President of Glendale Community College, thanked the Board and asked Dr. Alka Arora-Singh, Dean of Strategy, Planning, and Accountability to join her to inform the Board about GCC’s Society for College and University Planning (SCUP) award. Glendale Community College recently accepted this year’s Award for Institutional Integration from SCUP. Only one college in the nation receives the annual award, which recognizes innovative thinking, planning and implementation in strategic planning. Called “Disruptive Transition to an Integrated Organizational Planning and Resource Allocation Model,” the plan envisions the GCC of 2020 and what will be needed to get there successfully. The award acknowledges GCC for allocating resources successfully and effectively linking them to the institution’s vision, mission, and academic priorities. The professional acknowledgement reflects that GCC is a national model for strategic planning. Dr. Ilder Betancourt Lopez, GCC Psychology Faculty, presented at the annual international SCUP conference, held in Pittsburgh in July. Later this year, GCC will author an article in SCUP’s online professional journal, Planning for Higher Education.

**CITIZEN’S INTERIM**

There were no requests to address the Board.

**APPROVAL OF THE ORDER OF THE AGENDA**

President Saar then requested a motion to approve the Order of the Agenda.

The designated space will be named in her honor.

Motion 10218

Board Member Burke moved for approval of the Consent Agenda, as amended. Board Member Pearson seconded. Motion passed 4-0.

8.4 CONSIDERATION OF SEPARATIONS—approve the personnel actions as proposed.

Motion 10219

Board Member Burke moved for approval of Item 8.4. Board Member Gutierrez seconded. Motion passed 4-0.

The Board wished to know if the number of resignations was unique or if there was concern over the rate. It also questioned if non-competitive salary was the reason given. Vice Chancellor of Human Resources, Mrs. LaCoya Shelton-Johnson, informed the Board that only two of the 39 resignations had cited compensation as the reason for leaving MCCCD. The others provided a variety of other reasons. HR is now proactively collecting exit information in order to see why people are exiting the system and to determine the turnover rate. MCCCD had not been collecting this type of data for analysis previously, for unknown reasons. Turnover is only one data point that will be reviewed to help MCCCD make future HR plans.

11.1 APPROVAL OF 4.4 BOARD PLANNING AND AGENDA PREPARATION—adopt the proposed changes to MCCCD’s Governance Policies.

Motion 10220

Board Member Burke moved for approval of Item 11.1. Board Member Gutierrez seconded. Motion passed 4-0.

11.2 APPROVAL OF AUTHORIZATION OF EXPENDITURES OF LEGAL FEES – LITIGATION — authorize the expenditure through the law firm of Greenberg Traurig, LLP of legal fees and expenses in the amount of $1,926,000.00 through December 31, 2014 for defense of MCCCD in litigation relating to the security incident.

Motion 10221

Board Member Burke moved for approval of Item 11.2. Board Member Gutierrez seconded. Motion passed 3-1 Abstain (Pearson).

12.1 APPROVAL OF PARTIAL CONTRACT AWARD FOR THE REMODELING OF THE ALLIED HEALTH AND DENTAL PROGRAM BUILDING AT 3144 N 7TH AVE PHOENIX, AZ FOR PHOENIX COLLEGE—approve a partial construction contract award for a Guaranteed Maximum Price (GMP) in the amount of Four Hundred Ninety-Two Thousand Seven Hundred Thirty-Eight and no/100ths Dollars ($492,738.00) to Okland Construction for the Allied Health and Dental project for Phoenix College. This is the second of three anticipated GMP awards to Okland Construction for the construction of this project.

Motion 10222

Board Member Pearson moved for approval of Item 12.1. Board Member Gutierrez seconded.
Motion passed 4-0.

12.2 APPROVAL OF AGREEMENT WITH WORLD EDUCATION GROUP, DBA AMERICAN UNIVERSITY PATHWAY PROGRAM—approve, on behalf of Rio Salado College, an agreement with World Education Group, dba American University Pathway Program (AUPP) to enroll AUPP students in Rio Salado College classes.

Motion 10223

Board Member Burke moved for approval of Item 12.2. Board Member Pearson seconded. Motion passed 4-0.

Dr. Chris Bustamante, President of Rio Salado College, asked the Board to approve the World Education Group (WEG) agreement. Rio Salado College would be the first community college partner in the United States to allow students in other countries to start their college experience with this partnership. The American International Recruitment Council (AIRC), overseen by the US Department of Justice and Federal Trade Commission, has said WEG has an excellent reputation and there is no record of any complaints or problems on file. There is minimal risk to Rio as both parties have a 120-day notice of cancellation. No money will be exchanged up front. The WEG will recruit international students and Rio will provide the classes, which will be integrated into the general course structure. Students will be treated similarly to other Rio students—offered the same services and resources. Board members asked about the certification process. Dr. Bustamante asked the Board if it would like to hear a more in-depth presentation on the agreement by Dr. Jennifer McGrath, Vice President of Academic Affairs at Rio, and Mr. Todd Simmons, Vice President of Administrative Services at Rio. The Board agreed it would like to hear the presentation.

This agreement constitutes an innovative partnership to help international students obtain certificates and degrees from U.S. institutions of higher learning. WEG was Founded in 2007 by a former U.S. university president. It partners with 70 accredited U.S. colleges and universities nation-wide. It is certified by the American International Recruitment Council. WEG is a 501(c)(3) non-profit membership association recognized by the U.S. Department of Justice and the Federal Trade Commission as a Standards Development Organization (SDO). It is controlled by accredited U.S. post-secondary educational institutions and its purpose is to develop standards of ethical practice pertaining to recruitment of international students to American educational institutions. It is one of 65 Certified Agencies (must demonstrate compliance w/AIRC standards—http://www.airc-education.org/airc-mission-statement). The American University Pathway Program (AUPP) is a unit of WEgroup undergoing development and local market testing since 2011. It was designed for students who wanted an American university certificate or degree, but who preferred to start that journey at an AUPP Center in their own country and city. “Start at home, Finish in the USA” AUPP students may spend a year or more at an AUPP Center in their home country with other learners and onsite mentor/counselors. Student can earn 30 credits or more that will transfer to most U.S. colleges and universities. An AUPP Center is hosted and operated by ESL schools and other accredited learning institutions that WEgroup has selected, supports, and with whom WEgroup has contracts. It offers safe, secure school environment in students’ home area, provides access to computers and the internet, enables online and onsite “community of learners,” and provides trained, certified mentors who help students succeed and select the right U.S. college/university for transfer to the U.S. The Mentor (a.k.a. Achievement Partner) acts as success coach and guide, not as an instructor. Mentors work with the student face-to-face at the AUPP Center to assist each student to stay on track. They work in cooperation with RSC’s advisory/counseling personnel and help students work out a weekly study plan and monitors progress. Every AUPP mentor has completed a Mentor Training Course developed and certified by WEgroup. WEgroup counselors help students to apply to universities in the U.S. within their affordable price and academic range, to prepare for visa interviews, and to make sure their transition to a U.S. college or university is smooth and hassle-free. Financial arrangements provide $80/credit hour to WEgroup for global program development, management, and marketing local training; $135/credit hour goes to in-country partners to operate the Center, provide mentors, local marketing, and community of learners; and $15 registration fee plus any course fees, along with $110/credit hour goes to Rio. This is similar to arrangements made with corporate...
partners in the U.S.

A Board member recommended MCCCD consider how much out-of-state marketing it does and at what cost—could it be improved upon to gather a wider audience for less money than this agreement was charging. Another Board member commented that this agreement helps promote one of the Board ends on global engagement. A Board member noted that the original concerns this agreement elicited revolved around the reputation of organizations involved in recruitment, many of whom were falsely advertising permanent immigration status. The presentation shared alleviated the Board member’s concerns of legitimacy. Another Board member questioned prospective students’ English proficiency (language requirements for instruction) and was informed the program requires a higher TOEFL exam score than MCCCD currently requires (63 v. 61) and the program targets students who have the means and motivation to come to the U.S.

**Motion**

Motion 10224

Board Member Pearson moved for approval of Item 13.1. Board Member Burke seconded. Motion passed 4-0.

Board Member Pearson reiterated her recommendation that the Board make plans to be able to support a market-driven and competitive compensation and benefits package for the Chancellor to ensure MCCCD has quality leadership.

**Monitoring Reports**

14.1 BUDGET ANALYSIS REPORT, FUND 1—GENERAL UNRESTRICTED FUND FOR THE ONE MONTH ENDING JULY 31, 2014—Expenditure analysis indicates 5.2% of the budget has been expended this year as compared to 4.8% expended at this same point last year. 49.0% of the budget remained unexpended or unencumbered compared to 49.2% in the prior year. Revenue analysis indicated that 20.5% of the budget has been recognized as compared to 17.5% in the prior year. The projected fund balance will increase by ~$3.4M this fiscal year and the projected ending fund balance for June 2015 is $167.6M.

**Board Members**

Mr. Burke had no report.

Mr. Gutierrez had no report.

Mrs. Pearson expressed she was really proud of the work the colleges have done especially in regards to enrollment efforts. She thanked them for their hard work.

Mr. Saar informed Board members their ID badges would allow free entry to any college sporting event. Entry into performances was being looked in to. He then noted he had attended a few college convocations and was impressed by the presidents’ welcome speeches to faculty and staff. He looks forward to an excellent year.

**Chancellor**

Chancellor Rufus Glasper wanted to echo the presidents’ sentiments regarding start of year. There is so much energy when faculty and students return and he wanted to highlight the outstanding efforts put forward. These are changing times for MCCCD and MCCCD needs to be flexible in what it does. The eagerness of faculty to get in class and the support of the Board and staff are apparent—but he would like to take it up a few notches. He also thanked the Board for its support regarding his contract.

**Faculty**

Mr. Keith Heffner, President of the Faculty Executive Council, had no report but did want to wish everyone a successful fall semester and said he looked forward to working in partnership with all groups and the Board.

**Employee Group**

There were no reports.

**Vice Chancellor**

There were no reports.

**College**

Dr. Jan Gehler, President of Scottsdale Community College, introduced Dr. Daniel Coor, Vice President of Academic Affairs. Dr. Coor noted the Board had approved the receipt of SCC’s NSF Grant, Arizona Mathematics Partnership (AMP), two years previously and that Dr. April Strom,
Mathematics Faculty, would like to provide an update to the board on the progress of the grant to-date. Dr. Strom reported that AMP was a 5-year, $8.7M grant. SCC was the lead partner working in conjunction with CGCC, GCC, PC, MCC, and seven school districts. In Years 1 and 2, they held a one-week summer institute each year, four Saturday workshops, and provided Collaborative Communities of Learners (CCOLs) for teacher participants. In Year 3 they held a one-week Leadership Institute, a one-week Summer cAMP for middle-school kids, four Saturday workshops, and facilitated CCOLs. She shared a video of faculty explaining the partnership and how it worked.

Dr. Strom said the grant focused on teacher quality, quantity, and diversity by providing meaningful professional development with a focus on content, enhancing pre-service teacher experiences, and developing service learning field experiences. In 2014-15, AMP had 220 teachers participating, 13 teachers in the Leadership Academy, 30 middle schools participating, and 26 site-based CCOLs. The grant currently funds 49 community college faculty, staff, students, and consultants, including one Scottsdale Unified School District “teacher-on-assignment,” four doctoral students, and seven undergraduate community college students. Data from one school partner, Deer Valley USD, show that Desert Sky Middle School has seen a 12 point increase in AIMS scores for 2014, the median growth percentiles for each of the math teachers ranged from 54.5% to 67.5%, and, overall, the math median growth percentile increased from 49th percentile in 2013 to 57th percentile in 2014. In addition, math proficiency increased from 65% to 68%. She then shared a video from the first ever Summer cAMP where students informed them about their experiences. A second Summer cAMP is planned for next year.

A Board member asked what plans were in place to work with Native American students. Dr. Strom replied that they were working closely with the Salt River Pima Maricopa tribe as a partner in the grant.

AADGB

Mr. Burke reported plans for a Governance Institute for Student Success in conjunction with ACCT were ongoing.

ASBA

There was no report.

ACCT

Mr. Saar reported ACCT was moving headquarters in Washington, DC to a larger facility that would be able to accommodate growth and event functions.

Government Relations

Ms. Dawn Wallace, Director of State and Local Government Relations, remarked that the State Supreme Court had made a ruling to vacate the lower court’s ruling regarding the At-Large positions. The At-Large candidates will be on the November 4 ballot. She then reported she would be providing information on the following three items to the Board: Governing Board Candidate Forums, State Budget Outlook, and Primary Election Results.

Governing Board Candidate Forums for District 3 will be held on September 3 at Paradise Valley and September 4 at Phoenix College. All three candidates will be in attendance. Forums for District 4 will be held on September 10 at Estrella Mountain and September 12 at Glendale. Both candidates are confirmed to attend. One forum for District 5 will be on September 17 at South Mountain. Only one candidate is able to attend. Forums for the At-Large Seats will be on September 24 at Rio Salado and September 26 at Scottsdale. All four candidates are scheduled to participate. All forums will be held from 6:00-8:00 p.m. Forums will be recorded by MCTV and televised after.

The State Budget Outlook shows a FY 2014 revenue shortfall of ($113m); the FY 2015 ending balance is projected at ($49m—before the recent ruling that the state should have adjusted for inflation for K-12 funding); and the FY 2016 ending balance is projected at ($480m). Adjusting for K-12 could impact the budget upwards of $300M. Budget uncertainties include: K-12 lawsuit is a $320m per year liability; unpredictable and slowing revenue growth; multi-year budgeting creates artificial cap on FY 2016 spending; and the impact on tax cuts made in 2012 will be fully realized in FY 2015 and beyond. In spite of the dismal projections, Government Relations plans to be aggressive on selling community colleges to the legislature as times such as these provide rich opportunities for public policy making and talking about important topics (e.g., developmental education).

Only 16/1,500 precincts were reporting data at the time of the report.
President Saar announced the following future meetings.

- September 9, 2014, 4:30 p.m., Agenda Review, Governing Board Room
- September 9, 2014, 6:00 p.m., Work Session, Governing Board Room
- September 23, 2014, 6:30 p.m., Regular Board Meeting, Governing Board Room

President Saar adjourned the regular board meeting at 8:22 p.m.

Randolph Elias Lumm
Governing Board Secretary
