The public hearings were called to order at 6:31 p.m.

The Maricopa County Community College District presented its proposed FY2015-16 budget ($1.4 billion) for adoption. There was no proposal to increase tuition or property tax levy. President Livingston provided the opportunity to address the Governing Board concerning the proposed budget. One citizen and tax payer asked to present.

Reverend Dr. Robin Hollis, from Valley Interfaith Project (VIP), mentioned she was a deacon of the Arizona Episcopal Diocese and said she wanted to recognize MCCCD and the role it plays in Arizona. She appreciates that role and she wanted to thank the administration for ensuring that Maricopa’s families have a place to get a higher education and workforce development. She asked the Board to consider a few facts as it pondered its budget decision: MCCCD is the most affordable higher education opportunity for the community especially in light of the fact that approximately 68% of jobs will require post-secondary education by 2020. MCCCD also remains the largest provider of job training. With the State’s decision to winnow its support down to zero it sends the wrong message to the community. She hopes the State recovers its senses and re-engages support for higher education. There can be no greater investment in human capital than higher education. She applauds the Board’s courage and gives it thanks.

The Maricopa County Community College District then considered the proposed budgets for GateWay Early College High School (GWECHS) and Phoenix College Preparatory Academy (PCPA) for FY2015-16. President Livingston asked the Vice Chancellor of Business Services, Ms. Debra Thompson, to present the budgets under consideration. Ms. Thompson asked the principal of GWECHS, Ms. Lisa Smith, to provide additional information.

Ms. Smith reported that enrollment was expected to increase from 267 to 273. Average daily membership is expected to increase slightly from 262 to 265. State based funding per student increased slightly from $3,373.11 to $3,426.74. The State will provide $2,022.02 in additional funding (including an inflation rate of 1.59%). The allocation of Prop 301 funds per student remains the same at $295. All instructional programs and staffing remain unchanged and additional funding is earmarked for instructional materials and increased costs of fundamental items (i.e., bus passes, paper, etc.)
Ms. Thompson then asked the principal of PCPA, Mr. Keith Brown, to provide additional information. Mr. Brown reported that enrollment was expected to increase from 90 to 120 (the maximum number of students the school can have is 100 although the Board is considering his request to increase the cap to 400). Average daily membership is expected to remain static. State based funding per student increased slightly from $3,373.11 to $3,426.74. The State will provide $2,022.02 in additional funding. Prop 301 funds per student remain at $295. PCPA’s budget is increasing in a few budget areas due to enrollment increases. The transportation budget for 2015-16 has increased due to more students. PCPA is hoping to add breakfast to its lunch program at no additional costs this year.

President Livingston then provided an opportunity to address the Governing Board concerning the proposed charter school budgets. No citizens asked to present.

President Livingston concluded the public hearings to adopt the proposed budget for FY2015-16 and to approve the proposed budgets for the two charter schools. Copies of the budget presentations are in the appendix.

The Public Hearings were concluded at 6:50 p.m.

SPECIAL SESSION

President Livingston convened a Special Session immediately following the public hearings.

ITEM 1.1 ADOPTION OF PROPOSED MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT BUDGET FY2015-16—adopt proposed FY 2015-16 Budget. The General Fund, Current Auxiliary Fund, Current Restricted Fund, and Plant Fund total $1.5 billion. Pursuant to Arizona Revised Statutes, the proposed Legal Budget has been made available online on the District’s main web page and was published in Arizona Republic on May 11th and May 18th.

Some Board members asked to provide background on their decision:
- Mr. Burke: He asked the Board to consider strongly entertaining the notion to increase property tax levy and tuition next year.
- Mr. Gutierrez: He feels this budget reflects ‘planned obsolescence’ and if MCCCD goes into the future with a flat budget, many things will begin to take a toll on the district (e.g., inflation, demoralization of employees, and ‘magically maintained’ buildings). The Board has to consider the consequences. The costs are known (maintenance, not increasing salaries/COLA) so MCCCD knows what to expect. He votes ‘aye’ with great hesitation and hopes this Board realizes if this continues MCCCD may become a second-rate institution.
- Mr. Heep: He thanked the administration and Board for reviewing the budget process and the continuous plans to free up capital for continued growth in the district.
- Mrs. McGrath: She remarked this was the third budget she has participated in development of and the only one which was completed by someone else and presented to the Board and explained by staff. She cannot vote yes for something she had not role in.
- Mrs. Livingston: She thanked everyone who worked on the budget and said she was proud of it. She disagrees that it is planned obsolescence, rather it is time to think way outside the box—time to get a little dirty and plan for what is next.

MOTION

Motion 10299
Board Member Saar made a motion to adopt Item 1.1. Board Member Haver seconded. In accordance with state law, the Governing Board voted on this motion by roll call:
Mr. Burke—aye; Mr. Gutierrez—aye; Mrs. Haver—aye; Mr. Heep—aye; Mrs. Livingston—aye; Mrs. McGrath—nay; Mr. Saar—aye. By a vote of 6-1 (McGrath), the motion passed.

ITEM 1.2 APPROVAL OF PROPOSED GATEWAY EARLY COLLEGE HIGH SCHOOL BUDGET FY2015-16—approve the 2015-2016 proposed budget for Gateway Early College High School (GWECHS) in the amount of $2,098,993.

MOTION

Motion 10300
Board Member Saar made a motion to approve Item 1.2. Board Member Gutierrez seconded. Motion passed 7-0.

ITEM 1.3 APPROVAL OF PROPOSED PHOENIX COLLEGE PREPARATORY ACADEMY BUDGET FY2015-16—approve the 2015-2016 proposed budget for Phoenix College Preparatory Academy (PCPA) in the amount of $796,686.
**MOTION**

**Motion 10301**

Board Member Saar made a motion to approve Item 1.3. Board Member Gutierrez seconded. Motion passed 7-0.

**ADJOURNMENT**

The Special Session was adjourned at 7:00 p.m.

**CALL TO ORDER**

The Regular Board Meeting was immediately called to order following the Special Session.

**SUBSTITUTIONS**

There were two substitutions for members of the CEC.

**PLEDGE OF ALLEGIANCE**

The assembly pledged allegiance to the United States of America led by Mr. Burke.

**CLASS ACKNOWLEDGEMENTS**

There were no classes present.

**STUDENT LIFE REPORTS**

Rio Salado College (RSC) Student Life and Leadership (SLL) members approached the podium and reported on activities at the college. The purpose of SLL is to engage students in activities and organizations outside of their academics. Rio Salado may not offer traditional “campus” life, but it does provide many ways for students to get involved and add value to their academic experience. Students can be online and engaged by participating in the National Society of Leadership and Success (NSLS), Phi Theta Kappa International Honor Society (PTK), Student Public Policy Forum (SPPF), Be a Leader Foundation Mentorship Program, Chancellor’s Civic Leadership Medallion, or Student Leadership Retreat. Students shared the National Society of Leadership and Success induction requirements (orientation, leadership training day, three reflections on speaker broadcasts, and three success networking team meetings) and what is required to be considered for a National Engaged Leader Award (six reflections on speaker broadcasts, six success networking team meetings, and five hours of community service). This is the second year of Rio’s chapter. About 120 students joined and 35 students were honored as inducted members. In total, 13 students received the National Engaged Leader Award. Students then went on to describe Rio’s Phi Theta Kappa International Honor Society requirements: cumulative GPA 3.50+, 12 credits completed, currently enrolled at RSC, Phi Theta Kappa application, and a membership fee. Rio’s PTK International Honor Society is a Five Star Chapter of the largest honor society in higher education and provides commencement student speaker candidates and commencement student marshal candidates. It hosted the PTK Honors’ Institute for the Arizona Region and the Honors-In-Action Project with the City of Tempe Public Library focused on drawing females into STEM fields. Opportunities on the horizon include creation of student clubs, expansion of Student Life participation at RSC locations, increased community service projects, new college mascot-related activities, and much more!

RSC Student Governance Members: Vanessa Williams, Theresa Maheux, and Jacques Osley.

**COLLEGE REPORTS**

Dr. Paul Dale, President of Paradise Valley Community College (PVCC), remarked this report exemplifies the power of MCCCD’s partnerships with employers, grants, and the leadership at the college. He then introduced Ms. Christie Colunga, Early Childhood Education faculty at PVCC, to speak. Ms. Colunga informed the Board that the AAS degree in Early Childhood Education offered by PVCC is accredited by the National Association for the Education of Young Children (NAEYC). An explosion of research highlights the importance of early life experiences and the central role of early relationships (*From Neurons to Neighborhoods: the Science of Early Childhood Development*, 2000). PVCC responded to several grant opportunities in 2010-2015 including: Early Childhood Teacher Professional Development in Language Acquisition and Literacy, a Helios Education Foundation grant, which sought to update and unify Arizona’s approach to language acquisition and early literacy by establishing foundational, standard college course work. Researcher, Dr. Eva Shivers, Indigo Cultural Center, Phoenix (2010- present), with a grant award of $327,302; Central Maricopa Infant Toddler Project, a First Things First grant, which was a pilot program to improve the quality of infant and toddler care and early education in the region using standardized and qualitative measure to determine effectiveness. Researcher, Dr. Diana Schaack, San Diego State University (2011-2014), with a grant award (over five years) of $1,200,000; and Professional Development for Early Care and Education Professionals, also a First Things First Grant, which featured community building through facilitated conferences and communities of learners, extended contact with experts in the field, and the use of protocols (2010-2015), with a grant award of $896,543. Outcomes included students’ ability to study with national and international leaders in the field. The Central Maricopa Infant Toddler Project aligned college coursework with the nationally recognized Program for Infant Toddler Care. Thirty six teachers and nine directors...
had the opportunity to enroll in six college credits aligned with professional development. They have seen incredible participation—First Things First Professional Development for Early Care and Education Professionals Grant had approximately 600 a year for five years resulting in over 3,000 participants (duplicated count) from over 60 different early childhood programs that were given the opportunity to enroll in 24 different college courses. Projects included New Landscapes for Learning so kids could continue to learn while they played outside. They created new leaders with strong voices and truly felt the professional development opportunities provided cutting edge information that changed their view of the world.

Dr. Linda Lujan, President of Chandler-Gilbert Community College (CGCC), introduced Mr. Noel Morelos, Political Science faculty and advisor for CGCC’s Model United Nations (Model UN), team to speak. Mr. Morelos said their work includes simulated diplomacy and international relations projects and CGCC recently hosted the 65th Model United Nations of the Far West (MUNFW) in April in California. He then introduced the student speakers: Mallory Kurtz, Richard Anson, and Laurel Smith to present. The students reported on MUNFW saying it is one of the original five Model United Nations conferences commissioned by the United Nations; Eleanor Roosevelt was the second keynote speaker; and past hosts include Stanford, San Francisco State University, Mesa Community College, UC Berkeley, and Arizona State University. The theme was *The Reach of the UN in the Modern Era: The Conflict Between Individual, Collective, and Sovereign Rights*. Committees simulated included GA, UNESCO, IMO, UNHCR, UNHRC, Security Council, and Sixth Committee. The students reported that they were the first school to bring up LGBTQ topics—which is now gaining momentum. Their Career Fair included the Peace Corps, Department of State, Hunger Watch, and the U.S. Army. They launched a social media aspect for the fair and received good feedback from the State Department about it.

Dr. Chris Bustamante, President of Rio Salado College (RSC), introduced Mr. Otis White, Faculty Chair for Business and Public Administration at Rio, who presented on the great partnership between MCCCD and industry partners (insurance). At the Insurance Industry Summit – April 2014, he learned that there are 7,000+ employment positions currently available in Maricopa County and in the next five to seven years this number will increase to 15,000. Insurance is a dominant industry growth sector in Arizona and nationwide and offers high paying jobs with a broad range of career options within the industry. MCCCD works with an advisory committee comprised of 46 members and represent 23+ national and local companies and organizations. Committee members come from RSC, MCC, GCC, NAU, and the National Industry Education Organizations. In 2014-2015 they met to create the CCL and a new course and created sub groups to work on course competencies, workforce outreach, and program promotion. They also worked with MCCCD’s Workforce Development Team. Major milestones include: $43,000 raised to support the program, $15,000 allocated to a scholarship fund which initially produced three scholarships per semester (one per site—RSC, MCC, and GCC); establishment of a High School Outreach / Bridge Program; focus on Veterans and Re-careering Adults; planning for an AAS in Insurance Studies to begin Fall 2015; online transfer programs to the university planned; and Credit for Prior Learning established for Employees in the Insurance Industry. He said that higher education’s role in developing the insurance workforce includes: building interest among young people, helping provide re-training for career shifts, developing programs to help existing workforce move up and succeed, and giving new entrants a leg up in competing for jobs.

**Faculty Executive Council (FEC) Report**

Ms. Salina Bednarak, President of the Faculty Association (FA), reported she was the new President and said she was proud to work for Maricopa and the students it serves. She said residential faculty members dedicate their lives to students and FA supports efforts that are transformative for students and meaningful for faculty. They also work with the Adjunct Faculty Association (AFA) and understand that, while the system relies heavily on adjuncts, FA wholeheartedly agrees that increasing the number of residential faculty is necessary. She promised to work together with the Board to meet the needs of the institution.

**Adjunct Faculty Association (AFA) Report**

Mr. Leo Valverde, President of the Adjunct Faculty Association (AFA), reported two items. On May 9, elections were held and there are new VP/Secretary and VP/Treasurer for the AFA. They will be introduced to the Board after their terms begin July 1. Mr. Valverde informed the Board he would be president for one more year. He then informed the Board that they are working on their Adjunct Faculty Full Day of Learning for fall 2015 which will present MCCCD’s Residential Faculty hiring process. They are adding an occupational track this year for the first time.
Dr. Ernie Lara, President of Estrella Mountain Community College (EMCC), thanked the Board and asked EMCC’s Dean of Academic Affairs, Ms. Kathleen Ludicello, to help present a Vice President Emeritus Distinction to Dr. Bryan K. Tippett. (Dr. Tippett passed away in the Spring so his partner, Mr. Frank Wilson, received the award in his place.) Dr. Tippett has over 30 years of higher education experience, and was committed to ensuring the highest quality teaching, learning, and caring for students, colleagues, and the community. Dr. Tippett began his career in Maricopa 17 years ago at Mesa Community College as an Associate Dean and then Senior Associate Dean, providing instructional leadership for the Division of Mathematics, Sciences, and Exercise Science. He served most recently as the Vice President of Academic Affairs at Estrella Mountain Community College. Dr. Tippett also held other leadership roles which included the Higher Learning Commission; Arizona Academic Administrators Association; Arizona State Board of Pharmacy; West Valley Fine Arts Council; Valley of the Sun United Way, and Sojourner Center, to name a few. Dr. Tippett was instrumental in establishing community partnerships and cross-functional MCCCD student activities, including: West Valley Think Tank which facilitates professional growth for instructors and P-20 pipeline for students across local school districts; the Student Research Conference, which uniquely provides MCCCD students with conference presentation opportunities for undergraduate research, an activity typically reserved for students at four-year institutions or in graduate-level coursework. His collaborative style supported faculty, staff, administrators, and students, empowering individuals to actualize their potential and advance their academic and life goals. He often stated: “Many institutions of higher education are focused only on teaching, but Estrella Mountain Community College is focused on teaching, learning and caring; and to that end, every decision that is made should improve learning for all.” Through the gift of caring and personal encouragement, Dr. Tippett gave heart to the Estrella family so that students and colleagues alike were able to pursue their dreams of higher education and success. Dr. Tippett exemplified teaching, learning and caring at Estrella Mountain Community College, within MCCCD, and for the community. Emeritus status for Dr. Bryan K. Tippett would memorialize his legacy and provide inspiration to family, friends, colleagues and students.

Mr. Wilson thanked the Board on behalf of Dr. Tippett’s family and himself for this moment. This emeritus award wonderfully finalizes Dr. Tippett’s career and the implications are many. It represents a thank you for a job well done and validates his work. The world has lost another beautiful mind with his passing and today’s gathering has allowed this honor to help his legacy move forward. From teaching to administration, he maintained a high bar for himself, yet he always kept in mind not everyone set the bar quite as high for themselves. Mr. Wilson said he lived with Dr. Tippett for 25 years and that ability made him what he was. He hopes his legacy will be carried on.

Dr. Shari Olson, President of South Mountain Community College (SMCC), introduced Ms. Barbara Gonzales, Adjunct Faculty and DECA advisor, to speak about the International Career Development Conference in which key individuals from the DECA club presented and placed. Ms. Gonzales said the students competed at Grand Canyon University in February and five students then went to the international conference in Orlando, FL. In order to go to the international conference, a student would have to score 70% and above for their first place win. Three SMCC students finished in the top 10. She then asked the students to come forward. Gus Barnes informed the Board he participated in the Entrepreneur Challenge which consisted of a case study (which he had 24 hours to study and prepare a presentation) and he finished in the top 10 out of 2,400. He said he received a Blue Diamond award for having 50 hours of community service and maintaining a 3.5 GPA. Brian Florendo informed the Board he participated in the Accounting Challenge which involved a simulation (which he had 30 minutes to study and prepare a presentation) and finished in the top 10. Next year he plans to win! Juan Gonzales informed the Board he participated in the Human Resource Management Entrepreneurial Challenge (he also had only 30 minutes to read a case study and prepare a presentation). He finished in the top 10, as well. He thanked the Board for funding the trip, saying he has learned to add value to himself.

There were no requests to address the Board.

Chancellor Rufus Glasper took a moment to reflect on Dr. Tippett. He said they shared a cinderblock wall for 19 years as neighbors and his death was a great loss to all. He then thanked the Board for approving the budget and for establishing its committees. MCCCD has never had a budget committee in 50 years and the current budget process has evolved over time. He advised the Board he understands the budget is a policy document and policy belongs to the Board. As MCCCD continues into the budget process for next year, he asks the Board to consider the path the District has taken in the past 50 years. Since 2008, MCCCD has lost $68 million in resources...
and has become more effective. MCCCD has cut its budgets by $48 million and will continue to do more. Last year, MCCCD had a $7.3 billion impact on Maricopa County. He reminded the Board that 68% of the state university juniors have MCCCD credits. MCCCD is able to graduate students with a 4-year degree in partnership with the state universities and students don’t have to leave the college campus. MCCCD just awarded over 23,000 degrees. If it is not allowed to serve all of its communities, the Board needs to make those decisions very deliberately using evidence-based data. The data will show that, without some type of increase in the system, MCCCD cannot continue to serve all in the community. He has asked the Board to return to 60:40 ratio of full-time faculty to maintain a reasonable level of quality. He thanks the staff for being good soldiers during the trying times and many changes. They get tired, however and he would hate to lose the best and the brightest because of the belief that it is more important to save money. He hopes the Board will continue to make decisions to allow MCCCD to continue to be the best institution in Arizona and the largest provider of workforce development.

**16.2 REVIEW OF SEPARATIONS**—in accordance with employee group policies, the listed personnel actions were approved (April 1-30, 2015). Budget approvals have been granted and are on file for the recommended personnel actions in this item.

**Monitoring Reports**

**17.1 BUDGET ANALYSIS REPORT, FUND 1—GENERAL UNRESTRICTED FUND FOR THE TEN MONTHS ENDING APRIL 30, 2015**—Expenditure analysis indicates 63.8% of the budget has been expended this year as compared to 69.4% expended at this same point last year. 22.2% of the budget remained unexpended or unencumbered compared to 16.5% in the prior year. Revenue analysis indicated that 87.1% of the budget has been recognized as compared to 88.8% in the prior year. The projected fund balance will increase by ~$2.2M this fiscal year and the projected ending fund balance for June 2015 is $166.3M. The District should meet its financial stability requirements.

**Board Members**

Mr. Burke reported on a busy month of activities. He attended four Convocations (American Indian, African-American, Asian Pacific Islander, and Hispanic), two college Commencements (CGCC and Rio), and Rio’s High School Equivalency Graduation. He attended CGCC’s Teal and Silver Awards program where CGCC gives awards to community members who help the college. He attended the Women’s Leadership Group luncheon and the Major Taxpayers meeting.

Mr. Gutierrez reported he also attended many Convocations and felt it was very inspiring to be at those graduations and convocations at the end of the year. He was particularly inspired by the Veterans’ Convocation which was dramatically larger than last year (which was the first year). It was great to see all the grads who were excited to be at our colleges.
Mrs. Haver reported she recently visited SMCC and it was an exciting experience where she learned a lot. Their developmental education program is amazing. She was particularly impressed by their Boot Camp for students who ‘almost’ placed into college courses. The Boot Camp provides intense instruction over a couple of weeks, saving students a semester’s worth of time and expense. She also attended several celebrations including one for SPOT 107. She also attended CGCC’s Silver and Teal Awards. She attended the Maricopa Foundation Awards program and participated in PC’s Commencement. She said half of the students received their degrees in the rain but no one left until everyone had gotten their papers.

Mr. Heep congratulated students for their graduations and gave a shout out to the presidents and their staff for their enthusiasm. He said it was an honor to participate. He attended Commencements for Rio and MCC and also the Veteran’s Convocation. He also went to CGCC’s Silver and Teal Awards and was impressed as he has never seen that kind of appreciation for vendors before.

Mrs. McGrath reported she also attended many rewarding ceremonies.

Mr. Saar reported he attended SCC Commencement and noted that MCCCD graduated over 25,000 students this year. He congratulated everyone. He noted he would be attending the Southwest Pathways Conference in Scottsdale later in the week (May 28-29) and he attended the PCPA Graduation which had 17 graduates this year (up from 7 last year).

Mrs. Livingston reported she had spoken at Rio, GWCC, PVCC Commencements and at the Veterans Convocation, and was delighted to speak at Rio’s High School Equivalency graduation. Several of those students came back to us after some time away and it was absolutely moving. It was so exciting to be there and to feel their excitement and see in their eyes and heart. They were all true champions that night. It was a pleasure to see all the different graduates make their mark. So many were off the traditional path, including many dual enrollment students who received their college degree before graduating from high school. She was so pleased to see what MCCCD is turning out. She reported she had gone to visit SMCC before the Board meeting that day and was similarly impressed with their developmental education efforts. She will be finishing her college tours in August.
