Governing Board Member Dr. Don Campbell presented a plaque on behalf of the Board to outgoing Board Member Jerry Walker acknowledging his service over the last six years.

Governing Board Member Doyle Burke reported that he had the opportunity to visit three additional colleges over the past month. These included Mesa Community College where he met new employees and was also able to see old friends, in addition to visiting the Red Mountain Campus. He was also hosted by Chandler-Gilbert Community College, where he was able to meet their Leadership Council, as well as tour the campus. Lastly, he met with the leadership of Rio Salado College.

Governing Board Member Debra Pearson apologized for being late due to her having to take a last minute phone call.

Outgoing Board Member Jerry Walker read a brief statement intended for the rank and file of the Maricopa Community College District. The statement read as follows:

“To the citizens of Maricopa Community College District 2:

Differences of opinion, beliefs and convictions are encouraged to be shared and discussed in a civil society. In higher education, these differences are allegedly encouraged in all venues, from the classroom to the Governing Board room. Yet conservative viewpoints are not welcomed in the Maricopa County Community Colleges and there are a series of events, including our recent election, that illustrate efforts to silence anything but a liberal perspective.

I am proud and grateful for the trust voters in District 2 placed in me to represent their views over the past six years. I have worked hard to support fiscal responsibility, student success, four-year baccalaureate programs, as well as student safety. Granted, I pushed the envelope, and even though board positions are non-partisan, liberals didn’t like that. But I believe it is my responsibility to challenge the status quo when I believe it is wrong and not just be a “yes man” for the sake of getting along.

Those who have criticized me for being too tough and for speaking my mind worked hard to twist the situation to meet their agenda. They have wasted taxpayer dollars asserting all kinds of charges, but none of the allegations was found to be in violation of any policy or law.

Opposition to my conservative perspective prompted the faculty political action committee, with the underground support of administration, to recruit a liberal candidate for my post. They rallied
the liberal troops and campaigned tirelessly to get me out of the way. The Arizona Republic refused to run a story that included my point of view and instead crafted a hit piece against me, prompted by the work of the faculty, just days before the election. The mainstream media bias is not surprising.

Getting me out of the way will also give the chancellor and his staff fewer eyes to scrutinize the aggressive savings plan for the district following a comprehensive effectiveness and efficiency review. The study identified up to $48 million in savings each year, but the chancellor and his team have worked hard to blow holes in the project because it killed too many sacred cows.

I have personally and publicly wished my successor much success. I want him to succeed because I continue to support the core work of the community colleges and I continue to have great respect for the office. What I hope the entire governing board and the public will have the courage to continue to do is question runaway spending, unnecessary land acquisition. It would be very good to stop the continuation of needless and unsuccessful programs, and provide real equity and fairness for all students and employees and not just for “diverse” or adverse populations at the expense of others. My hope is that leadership will truly engage a well balanced discussion where all perspectives are welcomed and valued. I hope that the Board will continue to ask questions and question answers. The district will never move forward without attacking the real problems instead of attacking the messenger.”

Governing Board President Randolph Lumm thanked Mr. Walker for his six years of service and all he had done, as well as assuring that board members would continue to monitor spending and being diligent.

**Chancellor’s Report**

Chancellor Glasper expressed appreciation to Board Member Doyle Burke and Incoming Board Member Dana Saar for having attended the final 21st Century Maricopa Steering Team Meeting. Dr. Glasper provided highlights from final the 21st Century Maricopa Initiative Report provided at the December 14 Steering Team meeting. The report included updates pertaining to oversight, project update, strategies for implementation, communication and tracking, and next steps. A copy of this report, in addition to the strategies ready for implementation, is included with these minutes. Dr. Glasper reported that more than 375 individuals had been awarded One Maricopa certificates and pins.

Chancellor Glasper also called attention to the inclusion of the name of Ms. Nikki Jackson as the recommended new Vice Chancellor of Human Resources beginning February 1. Ms. Jackson is a seasoned Human Resources professional with significant accomplishments during her career. She is articulate, innovative, and results-oriented.
There was no report.

David Wendt, Vice Chair of the Student Association from Phoenix College provided an update on the activities and accomplishments thus far this school year on their campus. These included participation in the 90th Anniversary celebration, meeting with the Phoenix College Leadership Council, attending the Student Association Conference in Flagstaff, and participating on the Enrollment Management Committee.

Faculty Executive Council President Harold Cranswick came forward and expressed appreciation to Board Member Jerry Walker for six years of service, as well as wishing him the best in future endeavors. He also reported that the first meet and confer communiqué was just about complete and would be interested in receiving feedback. He wished everyone a safe and happy holiday.

Michael Powell, President of the Adjunct Faculty Association, provided the following report:

“President Lumm, Governing Board members, Chancellor Glasper, members of the CEC, and District staff.

Thank you for giving me this time to report to the Board on the progress we are making to improve the effectiveness of adjunct faculty contributions to the One Maricopa vision, student success, and civic awareness and engagement.

The AFA will be publishing by the end of the month our first AFA newsletter. We believe this communication tool will bring a greater awareness of adjunct contributions to adjuncts, the greater district community, and the public at large. As part of organizing this project, we have sought out volunteer correspondents from our eager adjuncts. We have over 30 people who have signed up and will be contributing stories for our March edition.

This project is being led by our Paradise Valley representative Emily Forand. She just joined the Board this year. Her devotion to helping communicate adjunct professionalism is a great role model to all adjuncts and our other Board members.

We continue to pursue a number of projects with District executive management and the Faculty Association. I look forward to reporting out on the progress of those efforts in future meetings when we have a bit more substance.

On behalf of the AFA, I would like to congratulate our new Vice Chancellor for Human Resources Ms. Nikki Jackson. Her abilities to address change and implement systems that will effectively bring a more
holistic approach to solving problems is an extremely valuable skill set and will be greatly appreciated by the Maricopa Community Colleges system.

May your holiday celebrations bring you joy as you reflect on what areas of Life we positively influence in this upcoming new year. I believe, amongst its many challenges, Life holds great promise for each of us and the One Maricopa vision being implemented by all within the Maricopa Community Colleges system. I am proud to be part of such a dynamic organization.”

Cheryl Caldwell, President of the M&o Employee Group, came forward to wish everyone a Merry Christmas and Happy New Year. She next expressed heartfelt thanks to those involved in the timeline changes for outsourcing at SCC, specifically Dr. Randolph and Dr. Gehler, and Vice President Carl Couch. She followed by thanking those involved in the 21st Century Work Team, lead by Lionel Diaz, for all the time and effort that was involved in support of the grounds and custodial staff at each college. She also thanked the implementation team lead by Janet Langley.

This project will be comprised of multiple consulting and training components, with each component to be awarded to approved vendors through the competitive selection process outlined by purchasing policies.

**Discussion:**
Board President Randolph Lumm commented that on August 25, 2009 an item in the amount of $533,000 had been approved for the same project. He was interested in understanding what portion of that previous amount had been spent and what still needed to be done. Mr. Kahkedjian responded that this new expenditure provided for additional functionalities associated with the College Financial System. The project associated with the contract approved previously had been completed. Mr. Lumm inquired about the tracking plan which had been requested previously. Mr. Kahkedjian responded that a project management plan had been implemented and was currently being updated for projects that had been requested. Mr. Lumm reminded Mr. Kahkedjian that he still had not received anything pertaining to the status of IT projects. Mr. Kahkedjian indicated that projects have been plotted on a Gant Chart and now has a sense of what is coming up in next 18 months.

**MOTION**

**MOTION NO. 9764**
