STUDENT LIFE REPORTS

Mr. Mike Ho, Director of Student Life and Leadership at Paradise Valley Community College (PVCC), welcomed and introduced the 2013-14 Student Leadership Council to speak.

- Geneva Patterson, SLC Chairperson
- Leah Goldberg
- Claire Goldberg
- Patrick Orion
- Megan Oleno
- Dan Rivera
- Robyn Park
- Ryan Dominick

Ms. Patterson offered sincere condolences to the family and friends of Mr. Ben Miranda on his passing before beginning her portion of the presentation. She then mentioned that the Kranitz Student Center had recently been remodeled and their new Welcome Center was now open. She thanked the Board for their dedication to the initiative. After that, the rest of the SLC speakers spoke on upcoming events and initiatives at the College. It was reported that November 14, 2013 PVCC celebrated Native American History Month with a celebration on campus arranged by PVCC’s Native Puma’s Club. PVCC is currently working with their Annual Adopt-a-Family Project actively seeking donations and broadcasting efforts college-wide. They had a Run Dead 5K benefit run in October to benefit the Phoenix Children’s Hospital, over 80 students used it as a service learning opportunity and they were able to raise over $1,000 in donations. They sponsored a Civic Engagement presentation “Who is Bayard Rustin” and introduced people to his groundbreaking work. Bayard Rustin was an American leader in social movements for civil rights, socialism, pacifism and non-violence, and gay rights (Wikipedia). They have also had other presentations on civic engagement topics such as the Voting Rights Act. In November, PVCC’s student leaders met with the IMOR2 Team to speak about the Student Success Initiative, the Seamless Student Experience, college mascots, and other student success topics to share their ideas with the IMOR2 Team’s Connect to College campaign. Finally, the students of PVCC have expressed an interested in a week long fall break to mirror the spring semester. They are researching the pros and cons of the initiative to prepare their argument for consideration. They are currently polling faculty, staff, and students for their opinion. The students thanked the Board for its time.

President Burke thanked the students and responded the Board is hearing from students about all the service they are providing to their communities and he wanted them to know the Board appreciates it very much. Board Member Lumm commended the students on their outstanding work.

EMERITUS, AWARDS, AND RECOGNITION

Dr. Irene Kovala, President of Glendale Community College, recognized the Glendale Community College Forensics Team, a national and international elite level speech and debate squad that competes in over 10 tournaments each academic year. “For the past three years on the national level, the forensics team has consistently been nationally ranked as a top 20 community college speech and debate program. This year alone the forensics team has compiled multiple top three sweepstakes finishes in San Diego and Los Angeles. Additionally, the forensics team competes in over 15 events and this is the first year the debate team has been nationally ranked for all colleges and universities in the nation! The team has grown to almost 20 members with over 40 distinct speeches qualifying for national tournaments. At the international level, the forensics team has top three finishes at the International Forensics Association tournaments in Bruges, Belgium; Rome, Italy; Budapest, Hungary; and Berlin, Germany. A list of some of our award-winning speeches this year include:

- Jacee Cantler: 1st place in Communication Analysis at the Watson-Lancer Invitational in Pasadena, CA.
- Nate Gerhart: 1st place in Impromptu Speaking at the Aztec Invitational in San Diego, CA.
- Taric Watts: 1st place in Communication Analysis at the Griffin Invitational in El Cajon, CA.
- Kelsey Bernal: 1st place in Speech to Entertain at the Watson-Lancer Invitational in Pasadena, CA.
- Kyle Backer: 1st place in Dramatic Interpretation at the Aztec Invitational in San Diego, CA.
- Evelyn Michaud: 2nd place in Prose Interpretation at the Griffin Invitational in El Cajon, CA.
- Miriam Wheeler: 2nd place in Communication Analysis at the Watson-Lancer Invitational in Pasadena, CA.
- Seth Fromm: 1st place in Speech to Entertain at the Griffin Invitational in El Cajon, CA.
- Evelyn Michaud and Kyle Backer: 1st place in Duo Interpretation at the Griffin Invitational in El Cajon, CA.
- Parliamentary debate: Gold and Silver place finishes at the Ray Dahl Invitational and the Aztec Invitational in San Diego, CA.”
Students Nate Gerhart and Jacee Cantler then performed “Impromptu Speaking” after President Burke randomly chose a quotation from a box of quotations for each of them to address. Both students did a remarkable job with their respective quotes and Board members were impressed with their skill. Board members were invited to attend a Forensics Teams Showcase scheduled for December 4, 2013 at GCC from 3:00-5:00 p.m.

Mr. James Bowers, Interim Vice Chancellor of Human Resources, provided the following. “Maricopa Community Colleges hosted the North American Council of Staff, Program and Organizational development (NCSPOD) annual international conference from Oct. 23 -25. Dr. Patricia Honzay, our District Director for the Center of Employee and Organizational Development and her department were the lead organizers for this event. Pat also served as NCSPOD’s Western Regional Vice President. Each year, NCSPOD recognizes model staff and, this year, four Maricopa Community Colleges employees received this honor. Our Executive Vice Chancellor and Provost Dr. Maria Harper-Marinick was given the College Chancellor’s Award for the development and advancement of faculty and staff through collaborative sharing of expertise and resources. Michelle Shadburne, Manager of Organizational Development at Paradise Valley Community College received the Roland Terrel Leadership Award given to strong supporters of developing faculty and staff so they can discover their strength, passion, and connection to Maricopa Community Colleges’ mission and vision. An award for sustainability integration and innovation was given to two faculty members: Roy Schiesser, a Geology faculty member and Paul Petrequin, a History faculty member, both from Chandler-Gilbert Community College. The award recognizes innovations and successes of the integration of sustainable development into education and learning. We extend our congratulations to each of the award recipients and to the Center of Employee and Organizational Development for hosting a successful conference.”

There was one request to address the Board. Mr. Lucas Bodine, President of the Associated Students of Mesa Community College (ASMCC) expressed, on behalf of ASMCC, condolences to Mr. Miranda’s family, friends, and students. He said it was always evident the Mr. Miranda had the students’ perspectives in mind as he worked. Mr. Bodine informed the Board that, last week, students at MCC offered a moment of silence in Mr. Miranda’s honor.

President Burke then requested a motion to approve the Order of the Agenda.

**MOTION**  
**Motion 10126**  
Governing Board Member Lumm moved for approval of Action Item V.C.1. Board Member Saar seconded. Motion was approved 3-0.

**INFORMATION ITEM**  
VI.A. REVIEW OF CHANCELLOR’S INTERPRETATIONS—since January 2013, the Governing Board has scheduled a series of discussions designed to review their own policies. Work Sessions were also held to discuss proposed amendments to Board Policy. At the October 22, 2013 meeting, the Board adopted revisions to its own policies, which included the Chancellor’s Limitations. The Chancellor’s Limitations are policies that provide the prudent and ethical boundaries of acceptable Chancellor acts, practices, and circumstances. These are used as part of the annual executive monitoring process, and the Chancellor provides his reasonable interpretation of the Limitations. The Chancellor’s Interpretations will be used during the 2013-14 monitoring report cycle. As monitoring reports are presented to the Governing Board, the Board will determine at that respective time whether: the report was submitted when due; the report included the Chancellor’s Interpretation; and the data presented substantiates compliance with the Chancellor’s Limitation policy as presented through the Chancellor’s Interpretation of that particular policy. Monitoring reports have been scheduled to be presented to the Board via the Board’s annual planning calendar. It is through this process that the Board determines whether it will accept or reject what the Chancellor has presented in terms of evidence of compliance.

**MONITORING REPORTS**  
VII.A. BUDGET ANALYSIS REPORT, FUND 1—GENERAL UNRESTRICTED FUND FOR THE FOUR MONTHS ENDING OCTOBER 31, 2013—Expenditure analysis indicates 26.5% of the budget has been expended this year as compared to 26.4% expended at this same point last year. 33.0% of the budget remained
unexpended or unencumbered compared to 33.6% in the prior year. Revenue analysis indicated that 45.9% of the budget has been recognized as compared to 47.4% in the prior year. The projected fund balance will increase by ~$3.6M this fiscal year and the projected ending fund balance for June 2014 is $161.1M.

**Discussion**

VIII.A RESPONSE TO CITIZEN RESOLUTION REQUESTS

President Burked remarked that, at a previous meeting, several citizens requested the Board adopt a resolution in support of DACA students and a second to ask the Arizona Attorney General not to oppose in-state tuition for DACA students. This lead to the consideration whether the Board should entertain resolutions that are political in nature. Mr. Burke asked fellow Board members their opinion.

Mr. Lumm said the issues presented by citizens to the Board were important. He felt that everyone in Arizona should be allowed to have driver's licenses and that this particular issue he felt was very discriminatory. He believes all citizens should be treated fairly. He thinks community leaders need to take a stand on important issues. Mr. Saar remarked that, while he agreed completely with Mr. Lumm’s sentiments, he questioned whether a political body, like a Governing Board, should make political statements. Mr. Burke said the request was for the Board to take a stand on a political issue.

He sees a number of potential areas where individuals might come to the Board to request support or condemnation of a particular political issue (i.e., Affordable Care Act, abortion, economic issues, etc.). The question remains, should the Board be asked to respond to political issues. Where in MCCCD’s Board Policy does it justify such action? Mr. Lumm questioned what policy had to do with it. Mr. Burke simply stated that he doesn’t recall anything in the Board’s policies that deal with political issues. Mr. Lumm felt strongly the Board should show the community is involved in this issue even though the Attorney General is not. Mr. Burke asked for additional comments and then remarked he was not certain where to go from there. Since no action was required he moved on to the next agenda item.

**Board Member Reports**

Mr. Lumm reported he had attended several events and that, in this time of giving thanks, he wanted to thank the faculty and staff who have put together such awesome events. He attended the Allied Health Summit and enjoyed seeing Maricopa lead Arizona in setting health/safety standards and work force. He attended the Student Success Conference and was very impressed with the workshops. He attended the Arizona Commission on Postsecondary Education’s (ACPE) conference and was able to attend the first meeting of all state community college Board members in attendance. He is proud to see how Maricopa is leading the state in so many ways.

Mr. Saar remarked that he went to many of the same events as Mr. Lumm and had the same reaction. He said the events he attends involve MCCCD students and showcases how well they do—from academics, to athletics, to performances, and more. He believes students’ talents and efforts are amazing. He said he really enjoyed the Chancellor’s Walk up South Mountain and was pleased to report he made it! He said it was good exercise and he looked forward to next year’s hike.

President Burke reported he attend a reception for GateWay Community College’s president, Dr. Steven Gonzales. The event was on the new building patio and it was a very beautiful site. He also attended a donor appreciation dinner for Mesa Community College which was also an entrepreneurship program showcase. He attended the Veteran’s Center dedication at Mesa Community College and said it was a wonderful facility and a great place for veterans to get help. He attended the NACCE Summit at Rio Salado College which was very well attended—in fact, of all the area meetings, NACCE said this was the best attended. He also attended the ACPE conference.

**Chancellor’s Report**

Dr. Glasper reported that he has also attended quite a few events and he echoes what he has heard about students—MCCCD has some awesome students! Students say it better than MCCCD can ever say. He said he’s been on several panels the past few months and was pleased to report that MCCCD is being asked to the table more often now. The Arizona Ready Council recently recognized that community colleges were “missing” in their planning so they recommended community colleges come up with their own goal. Dr. Glasper is pleased to have that opportunity. He thanked the Board for its continued support for activities around the District. He reported that Rio has stepped forward in exemplifying the empowerment zones Dr. Glasper had alluded to several years previously. The college is the focal point of efforts but is bringing in community partnerships to help break down walls, share resources, and share the same sites (i.e., CommUniversities). Studies show that universities are doing a great job with students but then those students leave the state. Community colleges allow for
stackable credentials which allow students to come in and out of school as they progress in their [local] jobs. He is being asked to sit on more boards and he plans to continue to step-up.

**FACULTY REPORT**

Dr. Patricia Finkenstadt, President of the Faculty Executive Council, offered condolences on the death of Mr. Miranda. She said the FEC’s thoughts and prayers are with the family and friends during this difficult time. She reported that the FEC had made a donation in Mr. Miranda’s name to the Maricopa Foundation in honor of Mr. Miranda.

**EMPLOYEE GROUP REPORTS**

The Adjunct Faculty Association Employee Group also extended condolences on the passing of Mr. Miranda.

**VICE CHANCELLOR REPORTS**

There were no reports.

**COLLEGE REPORTS**

Dr. Shouan Pan, President of Mesa Community College, reported in 2009 the City of Mesa, Mesa Public Schools, and Mesa Community College were asked by the Bill and Melinda Gates Foundation to apply for a grant and became one of four sites to receive a three-year, $3.0 million grant they called Mesa Counts on College. The focus of the grants was on transforming systems to increase the number of low income students who graduate from college. Although the grant has ended, Mesa is committed to continuing the work, along with its partners. The City of Mesa will take leadership over the next two years in a shared partnership program. It will be a collaborative alliance and they will be inviting other key organizations in the community to participate. He then introduced Ms. Cathleen Perales to speak on the program. Ms. Perales shared some statistics (75% MPS high school graduation rate; 660% MPS college enrollment; 29.5% graduate with degree/certificate or transfer—only residents of the City of Mesa) and their new mission: Mesa Counts on College, a collaborative alliance cultivates college completion and workforce readiness in our community, through partnerships, to empower individuals and to improve the quality of life in our community. Target population: Low income Mesa residents with limited or no post-secondary credentials. She shared some 2013 successes: Mesa’s Healthcare Learn to Earn internships, Mesa’s Urban Corps, GED to MCC program, and Pathways to Completion unveiled. They plan to focus on resource development and community engagement.

Board members were pleased about the program and remarked they were excited to hear the work would continue after the grant’s end.

Dr. Shari Olson, President of South Mountain Community Colleges, spoke next. “For the NACCE Entrepreneurial College in Action grant in 2013-14 SMCC Faculty members Bruce McHenry and Liz Warren will create an internal team and process dedicated to entrepreneurship. The purpose of the team is twofold: creating an internal Entrepreneurship Advisory Council (EAC) and having the EAC develop a process to manage and provide venture funds to students to create micro-enterprises. The EAC will be an inter-disciplinary team with membership of faculty, staff, and administration. It will be a catalyst for all areas of the college becoming entrepreneurial. Activities undertaken by the EAC will be training and development, bringing entrepreneurship speakers to campus, and fund raising activities.” She asked Mr. McHenry to come to the podium to offer additional information. Mr. McHenry said the process of entrepreneurship is: build / fail / iterate and this program exemplifies that. With $12,000 as a venture capital seed fund, 40 students will be given $250 to create microenterprises and they must take two classes (entrepreneurship and storytelling). Students will compete for two, $500 and one, $1,000 additional seed fund dollars to move their microenterprise forward. They have established a partnership with GWCC’s CEI. They will take the students to CEI and the top 20 students will earn a six-month membership to the incubator.

Board members expressed appreciation for their award, complimenting them on their winning pitch. They loved the idea of mixing storytelling with business because storytelling gets to the root of who people really are.

**AADGB REPORT**

President Burke reported the group met during ACPE conference last week where 17 Board members from across the state joined them. It was the first time such a meeting took place. The group will meet on December 5, 2013 to discuss the legislative agenda. Two provisional districts will be joining them (Gila and Santa Cruz).
ASBA REPORT

Mr. Saar reported that the ASBA-ASA annual conference would be held in December. He also noted that the ACCT National Legislative Summit will be in February and they will be bringing a full agenda to the DC meeting in order make sure funding is attainable and sustained for the state.

LEGISLATIVE UPDATE

Ms. Dawn Wallace, Director of Government Relations, provided the following: “For fiscal year 2015, on October 1, the Arizona Community College Coordinating Council (AC4) made a request to the Governor for $17.8 million to fund the community college system’s three statutory state aid formulas—M&O, equalization, and STEM workforce, formerly referred to as Capital Outlay. If fully funded, the impact to Maricopa would be roughly an incremental increase of $12.1 million in additional STEM workforce dollars. On November 15, the AC4 sent a follow-up letter requesting additional resources of $35 million. The request had two parts: 1) $1.5 million increase to each District’s base budget for a total of $15 million and b) $20 million in programmatic funding to address the Governor’s Arizona Ready Goals related to college degree completion and degree attainment. As the Chancellor reported to you at your last meeting, we are currently working with the Governor’s office to add a new Arizona Ready goal specific to the community college system related to AA degrees, certificates, and in-state university transfers. The $20 million in programmatic funding would fund this initiative through programs that would mitigate developmental education, provide financial assistance to students, expand dual enrollment, and emphasize student retention through more robust academic advisement. It was clearly delineated in the letter that this request was a system-ask, as has been the practice of both the Presidents’ Council and AC4 for the last two years. However, the letter did recognize the unique character of each District and the need to distribute equity funding in a manner that allowed for flexibility in each District. As you know, the Legislative Session will commence Monday, January 13, 2014. While the target date is 100 days, conversations are mixed between whether it will be short or long. I believe that as always, budget deliberations will dominate the work of the Legislature. We know, through conversations with the Governor’s office and certainly through media accounts that DES, and the funding of CPS specifically, will be the focal point of the Governor’s budget. Another important point is that while there is a reported $1.3 billion ending balance, neither the Governor’s office nor the Legislature seems likely to spend those dollars in an ongoing permanent fashion. We will likely see recommendations for one-time expenditures—such as transportation infrastructure. As of today, there were nine bills that were dropped; eight are vehicle or technical corrections, all by one sponsor, presumably for future legislative ideas.”

NEXT BOARD MEETINGS

President Burke announced the following future meeting:
• December 10, 2013, 6:30 p.m., Regular Board Meeting, Governing Board Room

ADJOURNMENT

President Burke adjourned the regular board meeting at 7:55 p.m.

| **2.4 - Financial Condition and Activities [DEFINITION:  
FINANCIAL CONDITIONS THAT THE BOARD WANTS THE INSTITUTION TO AVOID]**            | I interpret this policy to mean that the District will operate within a system of internal controls. Compliance is demonstrated by following Generally Accepted Accounting Procedures and when the following activities occur: |
| With respect to the actual, ongoing financial condition and activities, the Chancellor shall not cause or allow the development of fiscal jeopardy, non-compliance with local, state or federal laws, or a material deviation of actual expenditures from the Board's Outcomes priorities. | 1. No expenditure for funds of more than has been received and carried forward in the fiscal year.  [Evidence: Monthly BURN Report with certifications on Board Agenda Item]  
2. No occurrence of inter-fund transfers in amounts that would cause a deficit fund balance in any fund.  [Evidence: Monthly BURN Report with certifications on Board Agenda Item]  
4. No transfers from Governing Board contingency without Governing Board approval.  [Evidence: Monthly BURN Report]  
5. No occurrence in any fiscal year of District expenditures or indebtedness in an amount that reduces the ending General Fund balance to less than eight percent of General Fund revenues recognized during the fiscal year without Governing Board approval.  [Evidence: Monthly BURN Report]  
6. Payroll and other District debts or obligations are settled in a timely manner. Timeliness is contingent upon the transaction.  [Evidence: Monthly BURN Report as certification on Board Agenda Item, no fines or penalties. Timeliness is contingent upon the transaction.]  
7. Tax payments or other government-ordered payments or filings are submitted accurately and on time.  [Evidence: No late notices or penalties throughout the year] |

| The Chancellor shall not cause or allow institutional assets to be unprotected, inadequately maintained, or unnecessarily risked. | • An organizational governance structure is implemented that allows for independent assessment & reporting to the Chancellor or the Board as appropriate. This includes mechanisms to identify when conditions exist and processes for the institution to respond appropriately.  
• Investment or reinvestment of moneys received by the District will occur in a manner allowed under the laws of the State of Arizona. [Evidence: Quarterly Investment Report to the Audit & Finance Committee]  
• The District’s public image, its credibility are not endangered. [Evidence: Proactive measures related to internal controls and appropriate due diligence response measures if compromising events occur] |

| **2.6 - Financial Planning and Budgeting**  
  **[DEFINITION: IDENTIFIES THE CONDITIONS THAT WOULD MAKE THE BUDGET UNAPPROVEABLE]** | **INTERPRETATION/NEW LANGUAGE** |
| Financial planning for any fiscal period may not deviate from the Board’s Outcomes priorities, risk fiscal jeopardy, and/or fail to be derived from a multi-year strategic/operating plan focused on Outcomes achievement. | I interpret this policy to mean that the financial planning and budgeting—decision-making process will align with the Governing Board Outcomes to ensure implementation and monitoring at a level with expected performance and within the established financial goals for the institution. Further, the monthly, quarterly and annual finance reports to the Governing Board will provide evidence that by establishing and monitoring specific and measurable financial strategic goals on a coordinated, integrated basis, we enable the Maricopa Community Colleges to operate efficiently and effectively to insure financial viability and stability. [Evidence: 15-year Financial Plan updated annually and Annual Budget presented multiple times in the Spring and adopted in May/June]  
  In addition, I interpret this policy to mean that expenditures will not occur in any fiscal year of more funds than are conservatively projected to be received or carried forward in that period. [Evidence: Monthly BURN report, Annual Budget]  
  I will maintain a General fund balance of at least eight percent of projected General Fund revenues and address the identification and pursuit of new and existing revenue sources, and enhancement of cost-effectiveness, as part of multi-year planning. <tr>
<td>The Chancellor shall not implement an employee compensation and benefit plan that fails to comply with local, state or federal laws, nor fails to make MCCCD a competitive higher education employer. Further, the chancellor shall not fail to attract and retain a high quality and diverse workforce through competitive and progressive pay and benefit practices that are externally competitive and internally equitable and support a fiscally responsible pay and benefit program.</td>
<td>I interpret this policy to mean that it is the responsibility of the District to create and maintain externally competitive and internally equitable classification, compensation plans that are in compliance with applicable laws, are fiscally responsible and that attract and retain a high quality and diverse workforce, along with an employee benefits program that is externally competitive, fiscally responsible and encourages and supports wellness and well-being.</td>
</tr>
<tr>
<td>Compliance with staff compensation will be demonstrated through internal or external assessment of best practices and regularly scheduled review and analysis of our identified peer comparators. Compliance will also be demonstrated by instituting internal controls to monitor allowance of additional compensation earned by employees (i.e., secondary pay lines).</td>
<td>Compliance with employee benefits will be demonstrated through benefit survey participation and review in conjunction with counsel of our employee benefits consultants who advise on best practices related to plan design, cost analysis and wellness program offerings.</td>
